SUPPLEMENTAL INSTRUCTIONS

MODEL M4SV

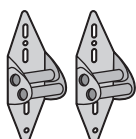

9' × 8' (425-1617)

Model M4SV 9' × 8' will have five total sections. There is an additional portion of installation instructions for the fourth section. Please follow these supplemental instructions when counting your hinges, rollers, and fasteners. You will also need two additional common nails. These instructions will begin following Step 3 on page 10 of the main Installation & Maintenance Instructions.

ADDITIONAL PARTS NEEDED

(1) #1 Hinges

(2) #4 Hinges

(12) #14 × 5/8" Hex Head
Sheet Metal Screws

(2) Rollers*

ADDITIONAL MATERIALS NEEDED

(2) 10d 3"
Common Nails

* Rollers will not be installed until Step 5 of the main Installation & Maintenance Instructions

Step 3-1 Prep Fourth (Middle) Section

- Place section face down on covered sawhorses.
- Attach a #4 hinge to left and right outer top edges using (2) #14 × 5/8" sheet metal screws for each hinge. Attach a #1 hinge to pre-punched holes in center of top edge of section using (2) #14 × 5/8" sheet metal screws in the center of the top edge of the section (Fig. 3-K).

Repeat in Middle and
on Opposite Side

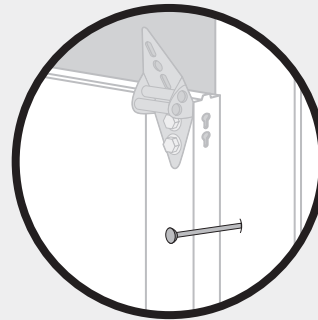

3

PREPARE & PLACE FOURTH (MIDDLE) SECTION

Step 3-7 Place and Secure Fourth (Middle) Section

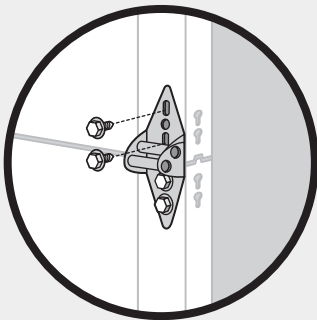

- Nest section on top of previously placed section and drive a 10d 3" common nail at an angle into jambs at each end over the section to hold it in place (Fig. 3-L).
- Attach all three hinges from top of previous section to bottom of section being placed using (2) #14 × 5/8" sheet metal screws for each hinge (Fig. 3-M).
